

Regional Workshop

On

Marine Fisheries Resources of Upper East Coast of India

The Visakhapatnam base of Fishery Survey of India organised a one day Regional Workshop on “Marine Fisheries Resources of Upper East Coast of India” at Brackish Water Training centre, Odisha on 24.03.2014. The Workshop was inaugurated by Shri. Janaki Ballav Dash, Addl Director of Fisheries, Govt. of Odisha. The aim of the workshop to disseminate the information on the resources availability, different bottom trawl as well as mid water trawl designs, optimum utilization of fishery resources and also the conversional aspects to the trawler owners. Representative from traditional sectors and fisherman from pradeep and adjoining fishermen villages were participated in workshop.
